

Fundamentals of GIS

Why GIS is Awesome

GIS is Awesome!

My Personal GIS Discovery

My Personal GIS Discovery

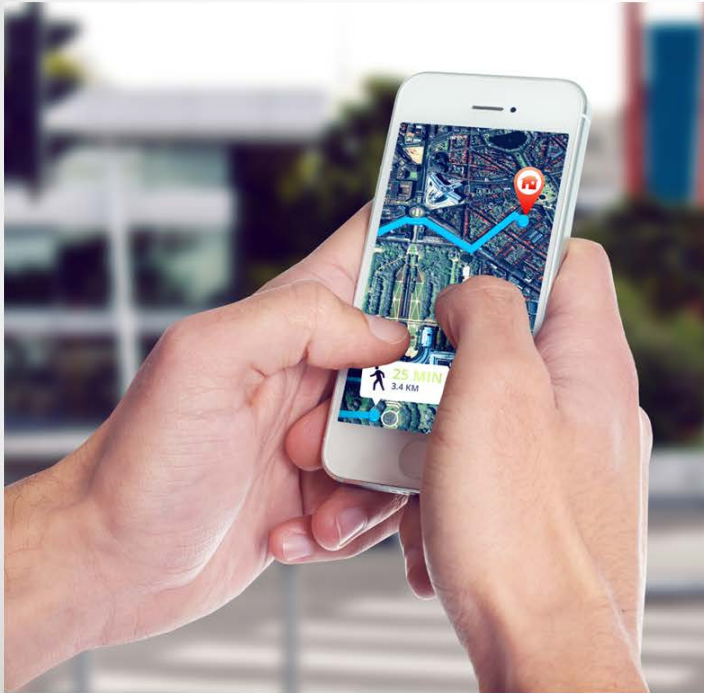

My Personal GIS Discovery

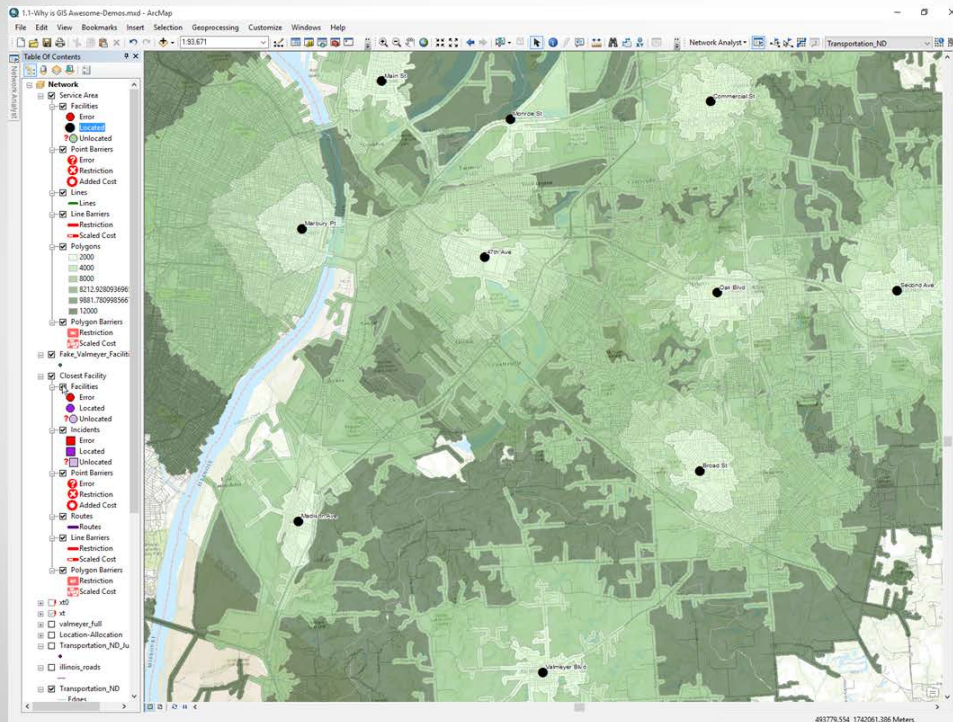

“That sounds a lot
like GIS!”

Where matters

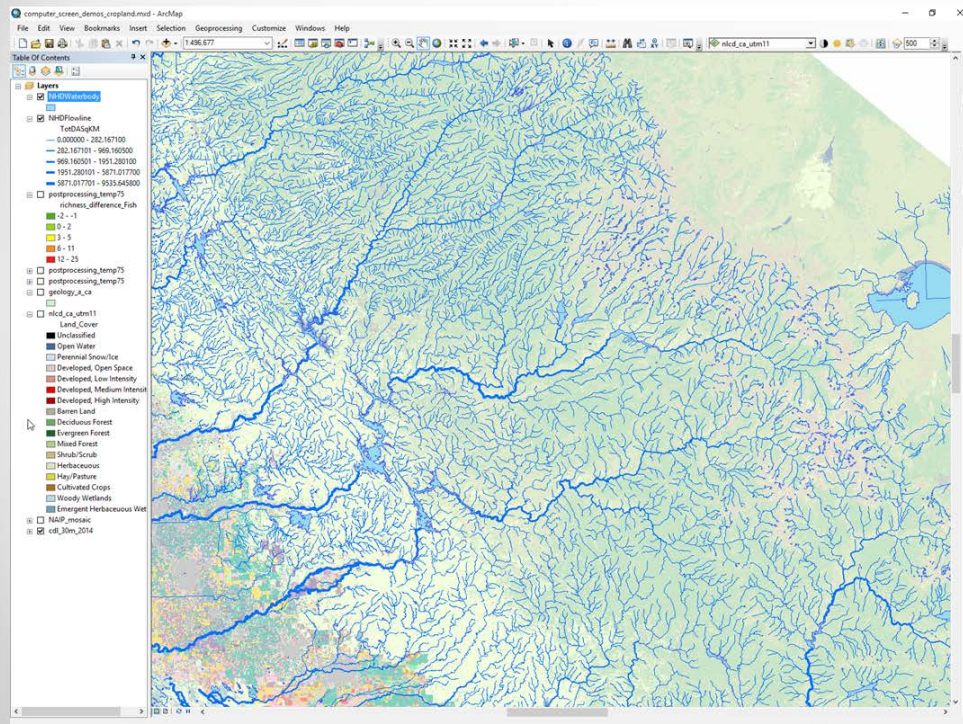

GIS is Everywhere

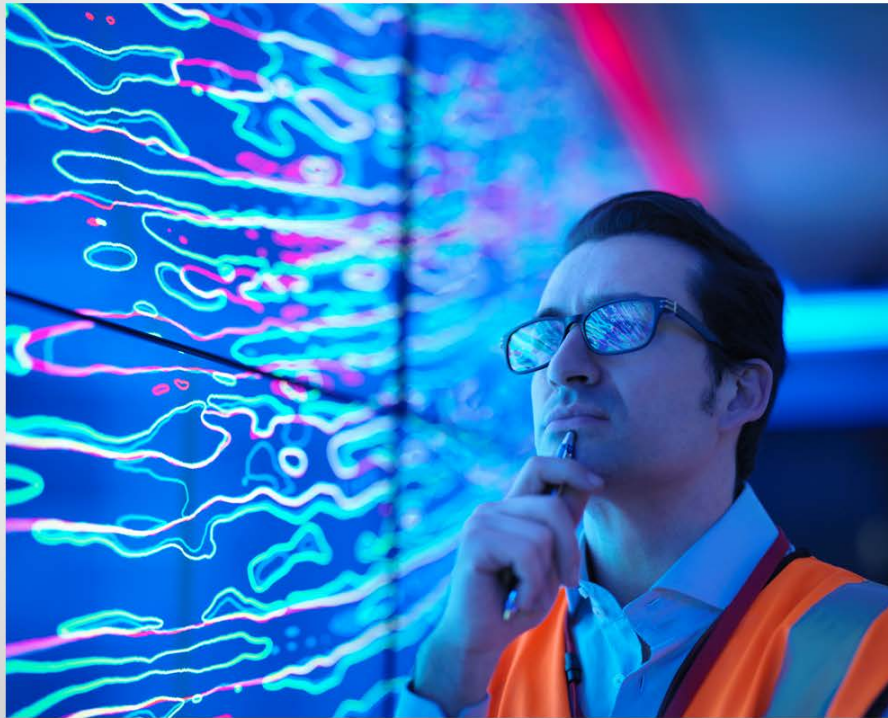

Networks of Population Info

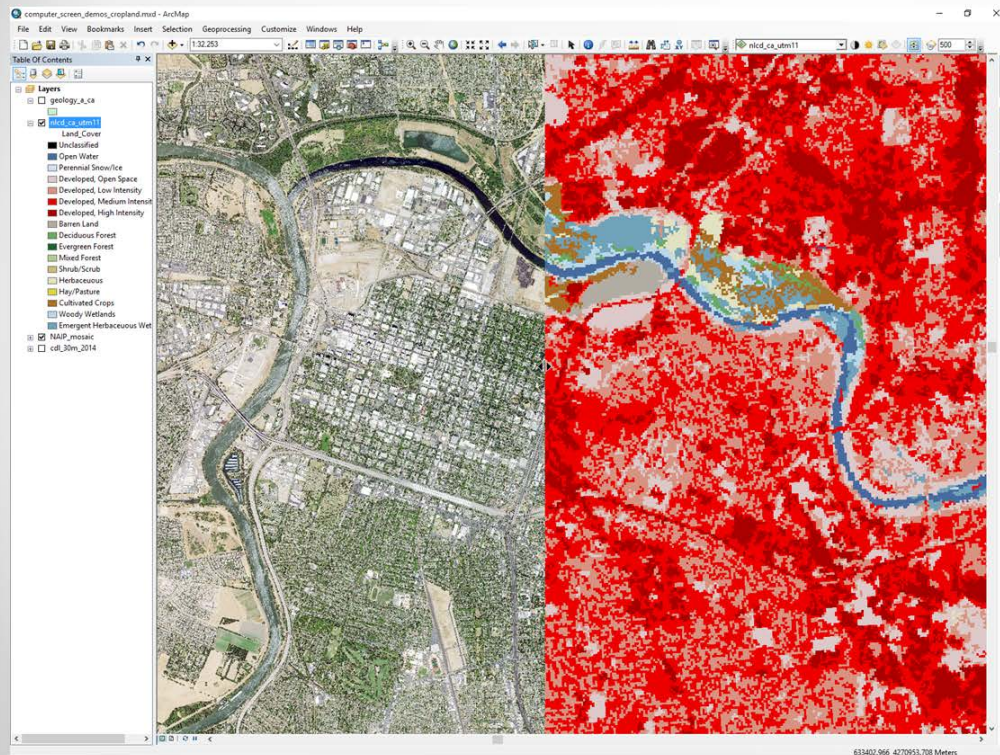

Routing Problems

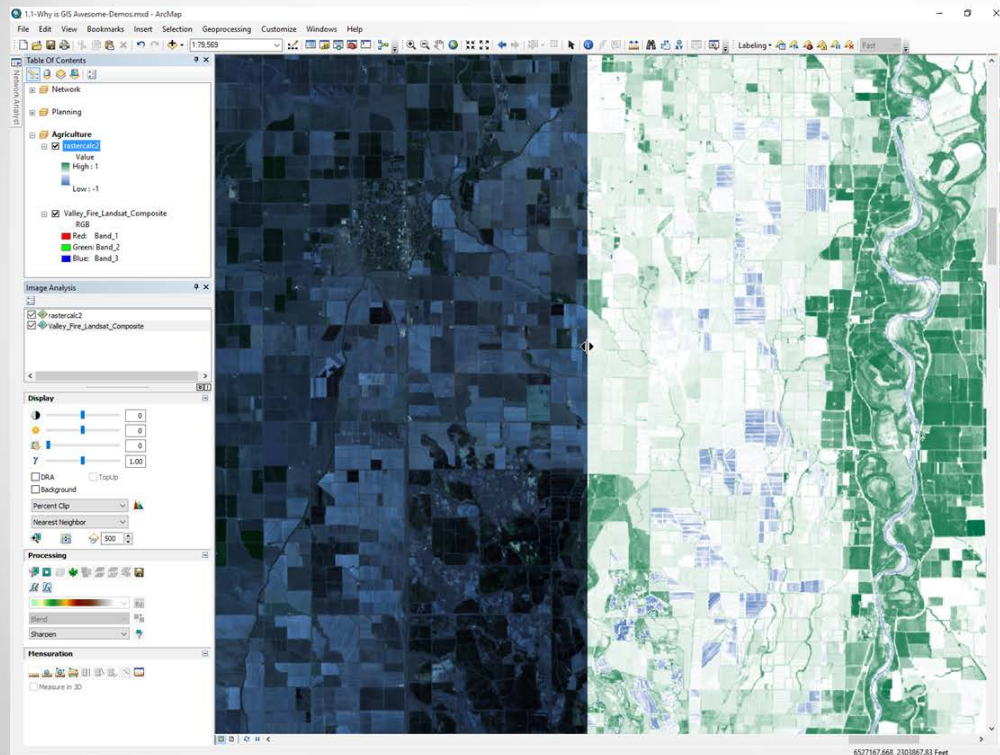

Infrastructure Planning

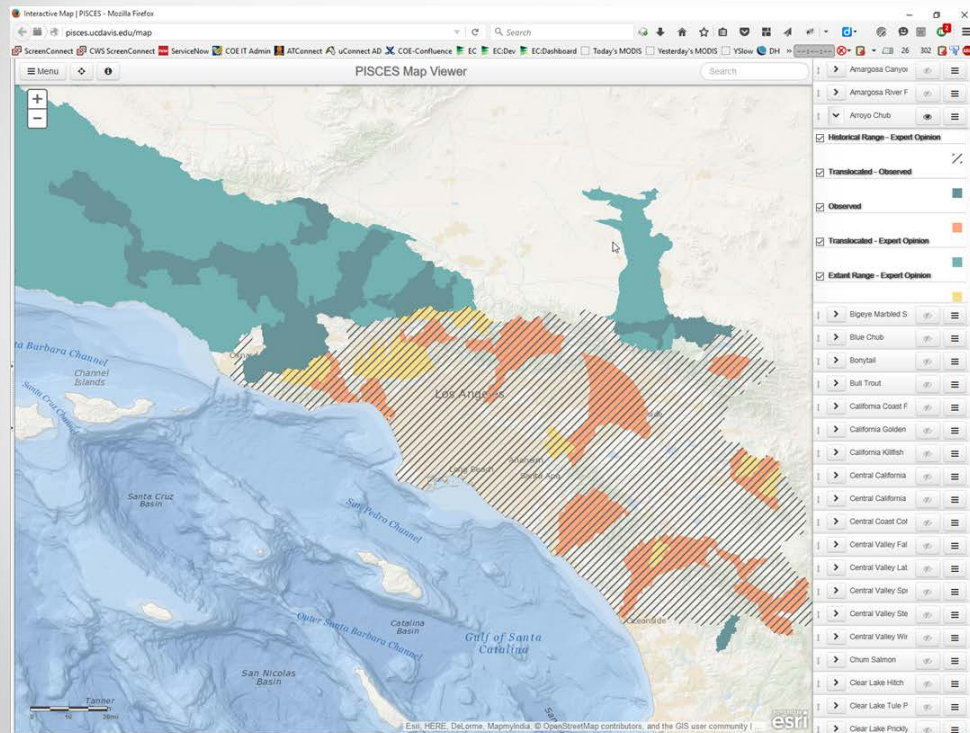

Land Use Planning

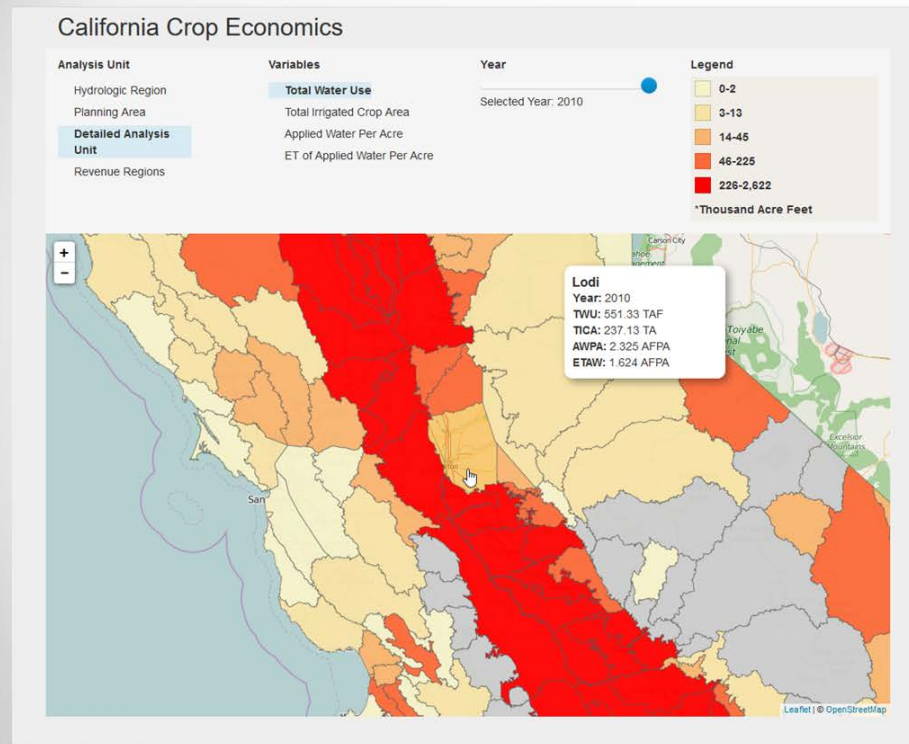

Crop Yields

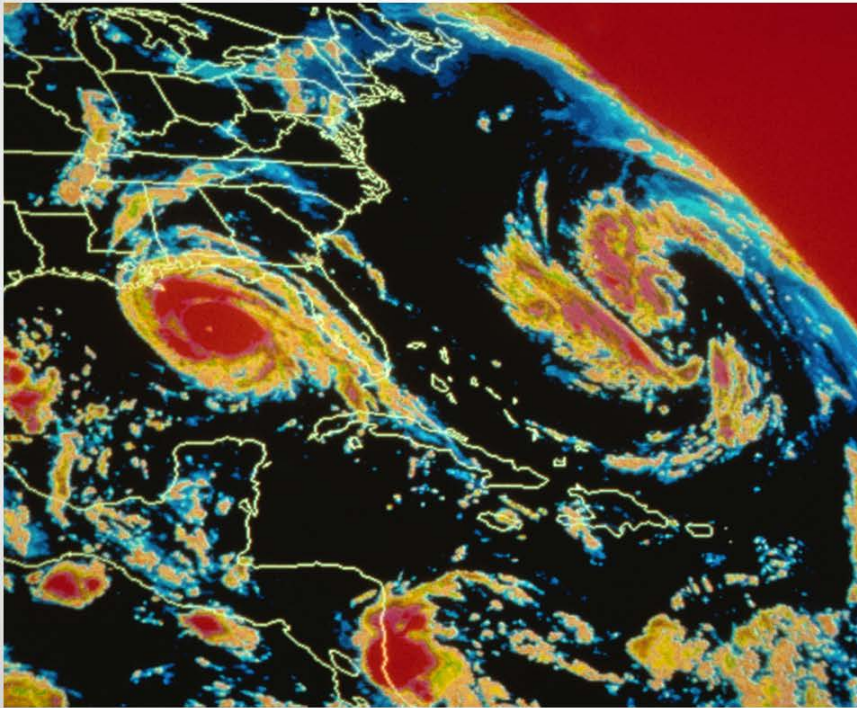

Species Range Documentation

Agriculture Economics

Emergency Management

Importance of Location

“You never really understand something until you understand how it relates to something you already know”

Importance of Location

“... the next generation
will learn the basics of
GIS the way my
generation learned
spreadsheets.”

GIS Isn't Any One Thing...

... It's a general set of technologies and a way to think about data in new, exciting ways.
